

Hartford Productivity Services, LLC

Now offering lab services for non-insureds

You don't have to be insured by The Hartford to use our industrial hygiene lab's services. When you choose Hartford Productivity Services, LLC for all your analytical laboratory needs, you'll receive fast, affordable, high-quality services that support your loss prevention and safety efforts without the hassle of multiple contracts with other labs.

Take advantage of our world-class accredited* lab with our featured service options below.

Select service offerings		
Hexavalent Chromium Exposure Analysis	\$75	Our lab can identify concerns in your workplace for this known carcinogen commonly found in air samples.
Silica Exposure Analysis	\$90	We can analyze both quartz and cristobalite to help you adhere to silica exposure limits.
Welding Fume Scan	\$170	Our scan analyzes for 13 metals commonly found in the fumes produced during welding.
Organics IAQ Scan	\$250	We can test for several common volatile organic compounds, including acetone and isopropyl alcohol.
Formaldehyde Exposure Analysis	\$85	We can detect this common chemical, found in pressure-treated lumber, carpeting and furniture, which is often the culprit of complaints in offices.

Ready to select your service?
