

Livestock transit insurance with thousands of miles of experience behind it.

100+ Years

That's how long we've been offering livestock insurance with these advantages:

- ▶ Generous standard coverage
- ▶ A wide range of coverage options
- ▶ Easy single-source access to underwriting and claims experience

A truck filled with livestock has a highway accident. The animals need immediate attention. To complicate matters, animals that escape run free to cause other accidents or perish.

It's a situation you may have witnessed. As a livestock transit insurer since 1916, we've helped countless livestock haulers after accidents like these. We know they happen quickly and require an immediate response.

We also know livestock transportation is not an '8-to-5' industry. So if an accident like this ever happens to you, we'll be there, night or day, to help handle your immediate needs and your claim.

Specialized Coverage for Vital Insurance Needs

Our industry-leading livestock transit insurance products and services are supported by our proud history in the business.

Livestock Transit: Helps provide death and crippling coverage on a broad perils basis for covered livestock while in due course of transit.

Livestock Transit – Limited: Helps provide death and crippling coverage on a named perils basis for covered livestock while in due course of transit.

Additionally Covered Property in Transit: On a broad or named perils basis, provides coverage for other property that livestock haulers may transport when they are not hauling livestock. Typically, the covered property is other agricultural commodities, but we will consider coverage for various property types upon request.

A Wide Range of Options

As a part of our comprehensive livestock transit insurance program, we offer the following optional coverages:

Carcass Removal: Adds carcass removal expense coverage to the livestock transit coverage if such carcasses are covered livestock that died as a result of a covered cause of loss.

Substitution of Vehicles: Extends the livestock transit coverage to include coverage for any temporary substitute transporting vehicle used when any listed transporting vehicle is disabled or replaced.

Coverage After Transit: On a broad perils basis, extends the livestock transit coverage to help cover the death or crippling of covered livestock after unloading at the specified destination. Such death or crippling must be the result of a covered cause of loss and occur within the specified number of days.

Coverage After Transit – Listed Causes of Losses: On a named perils basis, extends the livestock transit coverage to help cover the death or crippling of covered livestock after unloading at the specified destination. Such death or crippling must be the result of a listed covered cause of loss and occur within the specified number of days.

Deck Collapse: Amends the livestock transit – limited coverage to include coverage for the death or crippling of covered livestock caused by the total or partial collapse of the upper deck(s) on multi-level transporting vehicles.

Refusal of Shipment: Extends the livestock transit coverage to include coverage for the depreciation in value of covered livestock when such depreciation is due to the consignee's refusal of the entire shipment as a result of a covered cause of loss.

Coverage Extension Outbound Transit: Extends the livestock transit coverage to covered livestock in transit from the covered premises when the applicable premium is added to the livestock buyer's invoice.

Local, Responsive Underwriting and Policy Processing Excellence

In addition to claims professionals, our livestock team is staffed with local underwriters and policy processors with a keen understanding of the livestock transit business in their areas. Working with your agent, these livestock transit coverage professionals are committed to making sure your policy provides the protection you need and expect.
