

Insurance bringing more than a century of experience into the pasture.

1916

That's the year we introduced our Livestock Insurance Program. Today, we serve a large and diverse range of livestock owners and producers by offering:

- ▶ Generous standard coverage
- ▶ A range of valuable coverage options
- ▶ Service by livestock and insurance professionals
- ▶ Experience and knowledge developed over more than 100 years in the business

Markets, range condition, weather, animal health – a lot can impact your pasture cattle operations. Despite all the controls you put in place to run a successful business, losses and hardship can still occur due to events outside of your control. As you insure your operations for these events, don't forget to insure your cattle.

Our pasture cattle coverage options are designed to help provide you with the protection you need.

Rely on 100 Years of Experience in the Field

Really understanding an industry and its risks doesn't happen overnight. We've been insuring livestock since 1916, giving us a unique depth of knowledge and experience. Our pasture cattle coverage provides insurance for the death of covered livestock due to covered causes of loss, including:

- Fire
- Lightning
- Windstorm
- Smothering caused by blizzard
- Drowning
- Flood
- Building collapse
- Vandalism
- Theft of covered livestock and more

Don't take a chance with your pasture feeding operation. Help safeguard your hard work and financial investment with our industry-leading coverage.

A Roundup of Options

We offer highly valued optional protection at cost-effective prices:

Valuation Schedule: Our standard program values covered livestock at current market value. But our optional valuation schedule can provide more flexibility. It amends coverage with values for types or categories of covered livestock that you and The Hartford agree aren't represented by current market value.

Carcass Removal: Adds the expense of carcass removal to our standard program if such carcasses are covered livestock that died as a result of a covered cause of loss.

24/7 Support from Experts in Cattle Claims

Our in-house Claims service consultants provide you with a single point of contact on claims issues and coverage assessments. They're on call 24 hours a day to provide you with timely and efficient service. You'll work with a professional who knows your business inside out, which can expedite loss settlements.

Attentive Service and Firsthand Experience

Your business is constantly changing. Our team of claims processors and local, experienced underwriters are ready to help whenever you need them. We're ready to respond with flexible products that will help protect your investment. And since many on our team are livestock owners too, we have unique, firsthand insight into the risks and benefits you face.
