

Care for your business like you care for your clients.

► Fast Facts

From busy drop-offs to bubbly baths, pet grooming salons have a lot going on: animals in your care, customers coming and going and equipment that's running nonstop. The right insurance can help protect your business if an accident happens, a pet is injured or a covered loss forces you to pause operations.

Spectrum® Business Owner's Policy (BOP)

A BOP can help protect your pet grooming business in much the same way that a homeowners policy protects your home and personal possessions. Our BOP includes:

- **Business Property insurance** to help protect the property you own, lease or rent.
- **Business Liability coverage** to help protect your business in the event it's responsible for causing harm to a person and/or damage to property.
- **Business Income coverage** to help protect lost income if your business is forced to close due to direct physical loss or damage to its premises resulting from a covered cause of loss.

Optional coverages often purchased by pet grooming salons like yours.

We offer additional coverage for risks that are unique to pet grooming salons. Many are available separately or in cost-effective packages, so you can design a program that works for you.

- **Pet Groomers' Professional Liability** helps if you're sued for damages resulting from the professional services you provide, or the failure of those services to perform as intended – claims not generally covered by a general liability policy. This coverage also helps cover the cost of your defense.
- **Animal Bailee** helps protect your business when an animal in your care is accidentally injured or lost. It helps pay expenses, including veterinary bills, advertising and reward costs to help you search for and recover a lost or stolen pet, and can also provide coverage if you need to move animals to a temporary location.
- **Animal Damage to Buildings** helps cover damage to buildings or business personal property caused by animals in your care.
- **Data Breach** helps you pay for response expenses, legal costs and income protection if the sensitive personal information you collect or store is lost or stolen.
- **Employment Practices Liability (EPL)** helps provide coverage if you're sued by an employee, patron or vendor alleging discrimination, sexual harassment, wrongful termination or other types of claims relating to your employment practices.
- **Employee Dishonesty** provides coverage if an employee steals money, securities or other property owned by your business.
- **Electronic Data** pays to replace or restore electronic data that has been destroyed, corrupted or made inaccessible by a computer virus or covered cause of loss.
- **Interruption of Computer Operations** helps cover the loss of business income and incurred extra expenses when the policyholder is unable to operate their business due to the destruction or corruption of electronic data caused by a computer virus or covered cause of loss.
