

The protection you want waiting when risks come home to roost.

100+ Years

That's how long we've been offering poultry insurance with these advantages:

- ▶ Generous standard coverage
- ▶ A wide range of coverage options
- ▶ Easy single-source access to underwriting and claims experience

We're here for you.

- ▶ Local underwriters
- ▶ Experienced claims professionals
- ▶ Updated products and services

All to help protect your poultry investment.

Successful commercial production of chickens and turkeys requires a substantial commitment of time, expertise and resources.

It's important to protect your hard work and investment with the right insurance solution. Our Poultry Insurance Program is flexible to cover unexpected losses that could threaten the future of your business.

We understand your risks.

There are many risks to your poultry business, including significant losses caused by extreme weather. Our Poultry Insurance Program can help you recover after an unexpected poultry loss. It provides broad perils coverage for direct physical damage to covered poultry resulting in death, and additional coverage for:

- Debris removal
- Covered poultry on your vehicles
- Covered poultry in the custody of a common or contract carrier
- Fire department service charges
- Newly acquired locations

Additional coverages especially for poultry operations.

Our specialized program makes us a leading choice for confined swine insurance. You can customize a plan that suits your needs with:

Power Interruption and Mechanical Breakdown: Adds power interruption and mechanical breakdown to the poultry coverage as covered causes of loss where the failure of a building's ventilating equipment is caused by the interruption of power or a mechanical breakdown – resulting in the death of covered poultry.

Manual Start Back-up Generator System: Amends the poultry power interruption and mechanical breakdown coverage to allow a manual start back-up generator system in place of the normally required automatic start back-up generator system.

Loss of Egg Income: Adds coverage for the loss of egg income to the poultry coverage where the loss of income is caused by the suspension of egg production. The suspension of egg production must result from the covered loss of covered poultry.

Loss of Income from Meat Birds: Amends the poultry coverage with loss of income coverage for meat birds described in a tentative placement schedule. The loss of income must result from the covered loss of the described meat birds. Coverage for the loss of income resulting from the inability to place covered meat birds due to a building's destruction by a specified cause of loss is also included.

A century of livestock experience.

We've been firm in our commitment to our livestock customers for more than 100 years – with a specialization in the poultry industry. You'll enjoy the convenience of a single point of contact for claims issues, file reviews and coverage assessments. And because our claim adjusters are on call 24 hours a day, they're always available to provide timely and efficient service.
