# Specialized swine insurance for the size and shape of the business you've grown.

## 100+ Years

That's how long we've been offering livestock insurance with these advantages:

- Generous standard coverage
- A wide range of coverage options
- Easy single-source access to underwriting and claims experience

As a swine owner, integrator, financial/risk manager or contract grower, you know the risks of your industry. The death of your hogs caused by a tornado, contaminated feed, power interruption or a building fire can cost you time and income. And pose a real threat to your livelihood.

With so much on the line, keep your business moving forward with help from a dependable livestock insurer providing proven swine insurance solutions since 1916.

## Coverage that packs in more protection against loss.

Our confined swine insurance helps cover the death of covered swine resulting from covered causes of loss, including those below. It also includes coverage for theft of covered swine.

- Fire
- Lightning
- Windstorm
- Vandalism
- Drowning
- Flood
- Building collapse

and more

## Add more weight to your swine protection plan.

Our specialized program makes us the leading choice for confined swine insurance.
You can customize a plan that suits your needs with:

**Power Interruption and Mechanical Breakdown Coverage:** Amends the confined swine insurance to help cover the death of covered swine in case a building's ventilating equipment fails due to interruption of power or a mechanical breakdown. Two separate endorsements are available:

- Coverage for power interruption only; or
- For both power interruption and mechanical breakdown.

**Manual Start Back-up Generator System:** Amends the power interruption and mechanical breakdown coverage to allow a manual start back-up generator system. (Normally, an automatic start back-up generator system is required.)

**Contaminated Feed Coverage:** Adds contaminated feed to the confined swine coverage as a covered cause of loss where the consumption of a toxic substance in feed or water results in the death of covered swine.

The Hartford

**Reproductive Impairment Coverage:** Amends the confined swine coverage to include coverage for the reduction in value of covered swine should a covered loss result in reproductive impairment.

**Reproductive Impairment Coverage:** Amends the confined swine coverage to pay contract penalties assessed should the death of swine caused by a covered loss result in your failure to deliver contracted swine.

## Claims service that's in-house around the clock.

If you own livestock, you're on call 24/7. So is our Claims service department. We're available whenever you need us because threats to your swine can happen at any time.

And because our adjusters are in-house, you get a single point of contact for claims settlements and the livestock and insurance knowledge you need.

## We go farther for you.

Being there when you need us is job number one. Our underwriters and policy processors are ready with flexible and innovative products. Let us help you protect your investment.

**Firsthand knowledge.** Many of our underwriters are also livestock owners, giving us unique, firsthand insight into the risks and benefits you face.
